THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

NOVEMBER 7, 1974

BOARD OF GOVERNORS

The Board of Governors and its Executive Committee met Friday, November 1, 1974.

RENTAL RATES TO BE INCREASED

The Board approved a Finance Committee recommendation that the rental rates for Michener Park be increased. The decision was based on a Board policy that Michener Park be operated on a break-even basis. Effective April 1, 1975 the monthly unit rental rates will be:

Two-bedroom lower maisonettes	\$152
Two-bedroom apartments, row houses, and maisonettes	\$154
Vanier House apartments	\$156
Three-bedroom apartments and row houses	\$167
The new rates represent a \$12 monthly increase for each type of unit.	

AASUA REQUESTS

NEGOTIATION DELAY

G.R. DAVY, President of the Academic Staff Association (AASUA), has requested that the Board agree to delay commencement of the impasse-resolving procedures in the 1975-76 salary negotiations between the Board and the AASUA. The request was made, and approval granted, because the provincial government has not yet announced its decision regarding an increase in the University's 1975-76 operating budget.

APPOINTMENTS MADE TO SELECTION COMMITTEE

The following appointments have been made to the Advisory Committee for the Selection of a Vice-President (Academic): H.E. GUNNING (Chairman), D.C. RITCHIE, and P. SAVARYN, representing the Board of Governors; J.F. FORREST and R.V. LEMIEUX, General Faculties Council; R.D. BERCOV and ELLEN JACOBS, AASUA; MISS CELINE BELANGER and S.A. LOW, Students' Union; and FRANCIS MACRI, Graduate Students' Association.

Board members agreed to delegate to the Chairman of the Board the authority to approve the nomination yet to be received from the Non-Academic Staff Association.

ASSOCIATE ACADEMIC STAFF: APPOINTMENT AND POLICY

GUY G. GOYER, Head of the Hail Research Division of the Alberta Research Council, has been appointed an Associate Academic Staff member in the Department of Geography.

In addition to approving Dr. Goyer's appointment, Board members voted to revise the policy on Associate Academic Staff appointments. Formerly such appointments were made by the Board on the recommendation of General Faculties Council. They now will be made by the President or his designate in the manner in which all other academic staff appointments are made.

HEALTH SCIENCES CENTRE CONSULTANTS NAMED

On the recommendation of the Building Committee, members approved the appointment of consultants on the utilities tunnel which will service the proposed Health Sciences Centre. The consultants are B.W. Brooker Engineering Ltd., with R. KERR, Professional Engineer, acting as principal in charge, as prime consultant for the structural shell portion of Phase VII of the services tunnel; and Winkelaar Howard and Associates Ltd., with J. WINKELAAR, Professional Engineer, as principal in charge, as prime consultant for the mechanical and associated systems of the tunnel.

Board approval was given on the basis that no work will be commenced and no commitment of funds will be made with respect to the project until approval and funding of the Health Sciences Centre has been provided by the provincial government.

GENERAL FACULTIES COUNCIL

The regular meeting of General Faculties Council was held October 28, 1974 and an "overflow" meeting was held October 30.

1975-76 BUDGET PROCEDURES

Members approved a report submitted by L.C. LEITCH, Vice-President (Finance and Administration), regarding proposed guidelines for the preparation of the 1975-76 budget. Nine policies were adopted towards this end. They follow, with approved amendments.

1. Net expenditures will not exceed projected income for the year, i.e., it will be a balanced budget.
2. Ancillary departments (Housing and Food Services, Bookstore, Printing Services) will be budgeted to break even.
3. The budgets of public service departments will be directly related to the level of anticipated public service grants.
4. Support departments will be considered

individually and assigned budget totals designed to achieve maximum economy consistent with a desired level of efficiency.

5. The budgets for the Library, the Faculty of Graduate Studies and Research, and Spring and Summer Sessions will be considered individually; and the administrators responsible will make recommendations to the University Planning Committee on the appropriate level of funding.

6. Consideration will be given to the level of support for faculties and schools heavily engaged in Spring and Summer Session instruction.

7. Special grants for innovative or other programs where the support is limited to a specified term will be budgeted separately and excluded from the budget base.

8. Included in the total expenditure will be two reserves, the amounts to be determined by the University Planning Committee:

(a) a *Budget Adjustment Reserve*, available for allocation on application to the University Planning Committee on the basis of need. Permanent, continuing commitments will be assessed at full-year costs; and

(b) a *President's Contingency Reserve*, which will be allocated at the discretion of the President and held as far as possible until enrolment patterns become known in the Fall Session. Allocations generally will be on a once-only basis, but if approval is obtained for a continuing commitment, assessment will be made of the full-year cost.

9. Faculties and Schools:

(a) Base budgets will be defined as the 1974-75 budgets, amended for

- (i) approved continuing changes granted during the year;
- (ii) salary adjustments and increments estimated or approved for 1975-76 as applied to actual staff and unfilled positions of record in 1974-75; and
- (iii) the extent to which the 1973-74 budget (which determined in part the 1974-75 budget) was based on inaccuracies and faulty predictions.

(b) Initially, no increase in the number of full-time continuing positions will be included.

(c) Subject to the levels of funding required to provide for the foregoing items, and within the concept of a balanced budget, the University Planning Committee may

- (i) allocate funds for inflationary cost increases in non-salary accounts; and

- (ii) require reduction in Faculty and School budgets.
- (d) The allocation of funds within departmentalized faculties will be made at the faculty level and not by the University Planning Committee.
- (e) The allocation of funds to faculties and schools from the Budget Adjustment Reserve will assume that
 - (i) new positions must be approved by the President or appropriate Vice-President;
 - (ii) salary levels of new appointees will be specified by the University Planning Committee, but these levels may be exceeded at the discretion of the Vice-President (Academic); and
 - (iii) assessments at the full-year cost for new positions, with funds to be provided on the basis of fiscal year costs.

CREDIT BY SPECIAL ASSESSMENT

Members approved a motion by HENRY KREISEL, Vice-President (Academic), as follows: "That the adoption of credit by special assessment be left to the discretion of Faculties and Schools."

INTER-FACULTY AFFAIRS

After detailed discussion, Council members approved the following motions made by J. FORSTER, Associate Dean of Graduate Studies and Research and Chairman of the ad hoc Committee to Study an Administrative Structure for Interdisciplinary and Multidisciplinary Studies.

1. That the position of the Dean of Inter-Faculty Affairs be established.
2. That the proposal be forwarded to the University Planning Committee for establishment of budget priorities.
3. That the Dean be responsible to the Vice-President (Academic) and act with the advice of an advisory council broadly

representative of faculties and schools, as well as of students enrolled in inter-faculty programs.

4. (a) That the Dean of Inter-Faculty Affairs be responsible for the administration of existing interdisciplinary and multidisciplinary graduate programs, with respect to budget and staffing and all matters which lie outside the authority of the Faculty Council of Graduate Studies and Research as defined by *The Universities Act* Section 7.

(b) That the Dean be responsible for Institutes and Centres whose activities do not clearly lie within one particular faculty.

(c) That the Dean encourage and facilitate the development of inter-faculty degree programs at the graduate level, and provide appropriate screening of proposals prior to their normal processing by the Faculty of Graduate Studies and Research.

(d) That the Dean, with the advice of the advisory council, undertake such other inter-faculty activities as may seem appropriate.

5. (a) That the office of the Dean of Inter-Faculty Affairs be reviewed in the fifth year after the initial appointment.

(b) That whenever possible all appointments made to inter-faculty programs be of such a nature that the appointee can be transferred into the normal departmental University structure should the inter-faculty program be discontinued.

These recommendations now will go to the Board of Governors for approval.

DEPARTMENT OF EXTENSION REPORT

Members approved a series of motions by HENRY KREISEL, Vice-President (Academic), based on a report made by WILLARD ALLEN, Associate Vice-President (Academic). Fifteen motions were considered; the last three, however, were deferred to the next regular meeting of General Faculties Council so that the Senate report on the Department of Extension could be considered as well. (Board of Governors and Department of Advanced Education approval is required before the motions come into effect.) The twelve approved motions are printed below.

1. That the University accept the extension function, i.e., the direct provision of non-credit (non-degree) programs and courses to the Alberta community as one of the proper responsibilities of the University.
2. That there continue to be a specific academic administrative unit with the general responsibility for the extension function of The University of Alberta.
3. That where a particular extension program and its clients have a close association with one specific academic unit of the University it be the option of that unit to assume direct responsibility for that program.

4. That while extension programs should in general be based upon University resources both human and material, non-University resources may be used to supplement these where necessary.

5. That it be recognized that faculty members in the extension unit may have teaching and research in addition to administrative responsibilities.

6. That the Department of Extension be redesignated the Faculty of Extension with general responsibility for courses and programs which do not lead to a degree.

7. That there be a Council of the Faculty of Extension with the following composition:

- (a) the Dean of the Faculty, who shall be chairman,
- (b) the President,
- (c) the University Librarian,
- (d) the Director of Radio and Television,
- (e) the Director of Computing Services,
- (f) all full-time members of the academic staff of the faculty,
- (g) ten (10) full-time members of the academic staff of the University, exclusive of the Faculty of Extension, appointed by General Faculties Council,
- (h) five (5) members elected by the Senate,
- (i) such other persons, including representatives of the students or clients of the Faculty of Extension, as may be appointed by General Faculties Council on the recommendation of the Faculty Council.

8. That the Council of the Faculty of Extension have the following powers: Subject to the control of General Faculties Council, the Faculty of Extension is empowered to

- (a) determine the programs of study to be offered by the faculty,
- (b) enter into agreements with other faculties, schools, or departments of the University concerning the sharing or division of responsibility for non-credit programs or courses of instruction,
- (c) enter into agreements with other institutions and agencies concerning
 - (i) the organization and administration of programs of study which do not lead to degrees,
 - (ii) the sharing or division of responsibility between or among institutions and agencies for such courses according to the subject matter, level of instruction, or the place, time, or method of delivery of information or instruction,
- (d) authorize the granting of diplomas or certificates to persons who complete programs or courses offered by the faculty,
- (e) establish or continue an advisory committee for any program offered by the faculty,

Business Manager: A.S. Knowler (Chief Accountant, Office of the Comptroller)

FOLIO OFFICE Telephone 432-4991
326 Assiniboia Hall, The University of Alberta

Printed by the Printing Department

Photographic lab work by Technical Services

(f) make recommendations to the Dean of the faculty with respect to any matter relating to the operation of the faculty,
(g) require or receive from any department, school, or faculty of the University, reports on its extension activities.

9. That the Educational Media Division remain part of the Faculty of Extension. (Recommendations 10 through 12, although passed as motions, are to be considered as guidelines to the present Department of Extension.)

10. That the Department of Extension initiate immediate discussions with the Alberta Educational Communications Corporation, the Audiovisual Branch of the Department of Education, and other educational institutions about a co-ordinated cataloguing and distribution system for educational audiovisual materials in the province.

11. That the supply or loan of audiovisual equipment be planned primarily to support Extension programs and courses. Other on-campus loans should be only by arrangement with other support services (Technical Services, Faculty of Education Audiovisual Media Centre, Health Sciences Audiovisual Education, etc.); that direct service to individuals and groups in the community be restricted to cases where commercial or local educational resources are inadequate.

12. That the Department of Extension experiment more actively with the use of non-print media in the delivery of extension education. Emphasis should be placed upon two-way communication with organized groups or individuals rather than simple open broadcast types of radio or television programs, and upon co-ordinated use of print and non-print media and of face-to-face, wired, and postal communication among students and instructors. The Educational Media Division should work with other divisions, and the programs should be planned as a continuing experimental and developmental process with specially selected personnel, subject areas, and client groups.

ADMISSION POLICIES IN QUOTA FACULTIES

After some discussion, members voted to send recommendations on admission to quota faculties back to individual faculty councils for discussion and comment, after which they will be brought back to General Faculties Council.

UNIVERSITY LEGISLATION

Council was presented with twenty-nine recommendations, which originated with the Board of Governors Committee on University Legislation. The recommendations fall into two groups, one dealing with "Some principles for incorporation into general Advanced Education legislation," and the other with "A draft

act respecting The University of Alberta" (see FOLIO, Special Issue, October 25, 1974).

Time limitations prevented consideration of both sections, and the first—containing sixteen recommendations—was deemed more pressing. These recommendations, moved by HENRY KREISEL, Vice-President (Academic), appeared on pages 2-4 of the October 25 FOLIO, and the reader is referred to that issue for the full text. Only those recommendations which were amended are printed here. Members will consider the remaining motions at the regular meeting of November 25, 1974. (Amended portions appear in italics)

1. Unamended.

2. Unamended.

3. Unamended.

4. The committee recommends that the legislation provide that The Universities Council shall normally conduct its *meetings* in public and shall publish all proceedings, studies, and recommendations.

5. Unamended.

6. The committee recommends that The Universities Council be empowered to consider and make recommendations upon any matters of concern to the universities [the word *common* is deleted from "of concern"].

7. Unamended.

8. The committee recommends that revised legislation should provide for the creation, continuation, or termination of universities by decision of the Lieutenant-Governor-in-Council, after receiving the advice of The Universities Council. Further, that for each University there should be a *separate* Act or Charter under which it may operate; such Act or Charter, and any changes thereto, being referred to The Universities Council for advice prior to submission to the Legislature.

9. The committee recommends that revised legislation should require individual Acts or Charters to provide for:

(a) a governing authority which includes representation from both the general public of Alberta and staff and students of the University;

(b) an academic council which has responsibility for all academic decisions and which includes a majority representation from the staff and students of the institution.

(Special *provisions* might be necessary for universities which have no resident students, such as Athabasca University);

(c) full participation with the governing authority by associations representing staff in determining conditions of appointment.

10. Unamended.

11. The committee recommends that the approval of the Minister be required *only* for any new university program, or any modification in the scale or structure of an

existing university program, which has or will have major effects on:

(a) capital or operating grants;

(b) related programs in other post-secondary institutions.

12. Removed from agenda for reconsideration by the committee, to be resubmitted at the meeting of November 25.

13. The committee recommends that "university transfer programs" be limited as follows:

(a) colleges may be authorized by the Minister to offer either the first or the first and second years of programs which admit students directly from high school;

(b) in the case of general programs in arts and science (including the humanities, the fine arts, the social sciences, and the natural sciences and mathematics), colleges will assume responsibility for their own courses and programs, and universities will give full credit *where applicable* for such work;

(c) in the case of honors programs, professional programs, and other programs with highly specialized or highly structured curricula, universities will assume responsibility for the amount and type of credit given for courses taken at colleges.

14. Unamended.

15. The committee recommends that the right to determine their own admission standards remain with the universities, and supports the developments leading to an Articulation Council, or Council on Admissions and Transfers to deal with matters in dispute as provided in Recommendation 14. *The committee expresses strong support for the emergence of an Accrediting Council.*

16. Unamended.

HEALTH SCIENCE TEACHING IN CANADA

The Association of Universities and Colleges of Canada (AUCC) is sponsoring a study to appraise health science teaching in Canada. The study is supported by a grant from the Department of National Health and Welfare and is expected to be completed by July 1976.

ALEXANDER M. BRYANS and GEORGE A. SOUTHALL, director and associate director respectively of the Health Sciences Office of Education, Queen's University, Kingston, Ontario, have been appointed to conduct the study. They will be assisted by a broad representation of consultants in the health science disciplines.

The study will assess existing programs, practices, and facilities for the preparation of teachers of health personnel in Canadian universities and colleges. This examination will be in relation to current trends in the

educational and health sciences, and to Canadian health needs, services, resources, and socio-political circumstances. In the same context, the study will examine present approaches to educational planning and program development. It is expected that the study will identify actions which educational institutions and governments could take to improve the effectiveness of health manpower and the need for further research on various aspects of the educational process and on the types of competence required by health personnel in various settings.

This is the second study of the health sciences to be undertaken by the association. In 1973 the AUCC published the findings of a study to investigate the current and projected output of health manpower by Canadian universities and colleges.

AMOUNT OF GRANT NOT YET KNOWN

The Honourable JAMES FOSTER, Minister of Advanced Education, has announced that the value of the basic enrolment unit will be increased by 15 percent for 1975-76. The basic enrolment unit is related to student enrolment and is used to calculate a portion of the University's operating grant from the provincial government.

L.C. LEITCH, Vice-President (Finance and Administration), says that the University

still does not know, however, what the actual amount of the increase will be. The amount will depend on what enrolment figure the Department of Advanced Education is prepared to accept. The initial 1975-76 operating grant announced last year by the provincial government was based on a projected full-time enrolment of 17,400—a figure well below the number anticipated by the University if the present trend of increasing enrolments continues. In 1973-74 the full-time enrolment total was 18,829; this year it is 19,448. Mr. Leitch says the University Administration hopes that the government will accept an enrolment projection of approximately 19,000.

NEW LECTURES FINANCED BY ALUMNI FUNDS

A new public lecture series entitled "The Spoken Word" has been established by the Alumni Association and the Alma Mater Fund.

The series will be inaugurated this month when consumer advocate RALPH NADER delivers the first lecture, "Consumerism and corporate responsibility." The lecture will be held November 27 at 8 p.m. at the Jubilee Auditorium. Admission is free, but those wishing to attend must obtain reserved seat tickets. They are available at the Alumni office, 602 Students' Union Building, and from all Woodward's stores.

is now accepting display advertising from its readers. Because advertising of this nature involves the display of a company logo or other symbol it leads to more rapid consumer identification with a product or service.

All display advertising is subject to design standards established by the University Publications Office, which reserves the right to reject any advertising submitted to it.

All display advertising submitted to *Folio* must be camera-ready.

The standard display unit for *Folio* is 45 agate lines by 15 picas (2½ inches); it is charged at \$17.75 per unit per run. Multiples of this standard unit will be accepted to a maximum of 9 (one full page) at corresponding multiples of the basic rate. Conformity to the standard unit is preferred, but occasionally extra lines may be added at a cost of 50c per agate line. No reduction of the basic unit is permitted.

Deadline for submission of copy is one week prior to publication (*Folio* is published every Thursday).

All enquiries are welcome. Please write:

University Publications Office
326 Assiniboia Hall

The University of Alberta, Edmonton T6G 2E1 (telephone 432-4991)

PEOPLE

■ J. E. GALLAGHER, Chairman of the Department of Industrial and Vocational Education since July 1, 1970, intends to resign the chairmanship as of June 30, 1975. Dr. Gallagher plans to return to full-time teaching and research in the department.

■ The forthcoming issue of *Le Journal Canadienne de Recherche Semiotique* will carry an article by BRUCE BAIN, Assistant Professor of Educational Psychology. The article is entitled "Semiotic in Psychology." The latest issue of *Linguistics: an International Review* carries Professor Bain's article, "Toward an Integration of Piaget and Vygotsky: Bilingual Considerations."

VISITORS

■ WAYNE PEEPLES, University of Utah and B. HORNING, University of California at Los Angeles, were recent visitors to the Department of Physics where they discussed electromagnetic studies of the moon with the group led by DAVID RANKIN.

■ ERNST NOLTMANN, Department of Biochemistry, University of California at Riverside, conducted a seminar in the Department of Biochemistry.

■ J.B. STENLAKE, Medical Research Council Visiting Professor from the Department of Pharmaceutical Chemistry, University of Strathclyde, Glasgow, Scotland, conducted a series of three special seminars for the Faculty of Pharmacy and Pharmaceutical Sciences.

■ A.J. LIEHM of the City University of New York, spoke to University students recently, at the invitation of the Division of Soviet and East European Studies.

NOTICES

NORTHERN RESEARCH GRANTS

One of the purposes of the Boreal Institute for Northern Studies is to support research in northern Alberta, the western portion of the Northwest Territories, and the Yukon Territory in any recognized scientific discipline.

The Institute invites applications for research grants from graduate students, University staff, and from other qualified persons with northern research interests.

Application forms may be obtained from department chairmen or directly from the Boreal Institute for Northern Studies. The closing date for receipt of applications is December 16, 1974.

NEW CHAPLAIN TO BE INDUCTED

- The induction of the REVEREND FLETCHER STEWART (Anglican) as a Chaplain in the University Parish will be conducted this evening at 7:30 in the Meditation Room, 158A Students' Union Building.

The RIGHT REVEREND GERALD BURCH, Anglican Bishop of Edmonton, will preside, with the assistance of United and Presbyterian representatives of the University Parish. All members of the University community are invited. Refreshments will be served after the induction.

EVENING USE OF CLASSROOMS

- The following notice has been received from JOHN NICOL, Secretary to Deans' Council. At its meeting on October 23, 1974 the Deans' Council gave approval effective immediately to locking all classrooms which are not in use in the evenings after each room has been cleaned; and authorized the Timetable Division of the Registrar's Office, in consultation with the faculty or school concerned, to designate a certain number of rooms in each building as study rooms.

EDMONTON TO HOST

- **'DANCE IN CANADA'**
"Dance in Canada," founded three years ago as a national organization to represent and promote dance interests and the art of dance throughout Canada, will be holding its Third Annual Conference in Edmonton in June, 1975. The University of Alberta campus facilities will be the centre for conference activities and the conference chairman will be JOYCE BOORMAN, Assistant Professor of Physical Education.
• The conference will take place June 21 through 25. Edmontonians will have an opportunity to see many visiting performing companies in ballet, modern, and ethnic dance.

SCUBA EQUIPMENT USE

- The Aquatics Program supervisor, R.D. KIRSTEIN, has announced that due to requests, the following times will be made available for scuba equipment use: Saturday and Sunday from 3 to 4 p.m.

WORKSHOP ON PARMENIDES, ZENO AND THEIR ANCIENT CRITICS

- The Department of Philosophy will be holding a workshop on "Parmenides, Zeno and their ancient critics" Friday to Sunday, November 15 through 17. Unpublished research results will be presented and copies of research papers will be available beforehand.
• Results will be summarized at the sessions to allow maximum time for discussion. There will be no concurrent sessions.

Speakers will include RICHARD BOSLEY, Associate Professor of Philosophy, The

University of Alberta; and DAVID FURLEY, ALEXANDER MOURELATOS, THOMAS ROBINSON, MICHAEL STOKES, and CHARLOTTE STOUGH, from the Universities of Princeton, Texas, Toronto, Durham, and California at Santa Barbara respectively.

The workshop is supported by grants from the Canada Council and The University of Alberta. Further information may be obtained from ROGER A. SHINER, Chairman, Workshop Program Committee, Department of Philosophy; 432-3487.

CANSAVE CHRISTMAS CARDS

Once again the staff of the English Department's general office are selling Canadian Save the Children Fund (CANSAVE) Christmas cards. Last year they raised \$700 towards the cause and this year have vowed to "bust \$1,000."

The cards are available in 3-7 Humanities Centre. Packages from previous years are selling at 75 cents and \$1. This year's cards, with a choice of 10 attractive designs, are priced at \$1.50 and \$2.50. Each package contains 10 cards with envelopes.

FAMILY SERVICE FOUNDATION

The Family Service Foundation is prepared to accept submissions from groups or interested individuals in areas that affect the quality of family life in the Province of Alberta. Requests for grants, or proposals for submission should be mailed to The Chairman, Family Service Foundation, c/o 1107 Baker Centre, 10025 106 Street, Edmonton, Alberta T5K 1E2.

SEMINARS FOR ENGINEERS

During November, the Department of Extension is sponsoring two seminars of interest to professional engineers. "Liability and negligence" will be examining the legal responsibilities of engineers November 15 and 16, and "Fundamentals of air pollution control" has been designed to introduce engineers and technologists to air pollution problems, control technology, and legislation. This will be held November 21 and 22.

Registrations for both seminars are being accepted in room 228 Corbett Hall, 82 Avenue and 112 Street, 432-5038. The fee for "Liability and negligence" is \$55, including materials and lunch November 15; the "Air pollution control" fee is \$100, including lecture materials.

GFC SELECTION COMMITTEE VACANCY

The Nominating Committee of General Faculties Council is seeking nominations for one member to serve on the Selection Committee for Chairman of the Department of Forest Science. Regulations governing the composition of selection committees for

department chairmen require that one member, not a member of the department concerned, be elected by General Faculties Council.

Those who have suggestions for nominations or who are interested in serving on the above committee are requested to contact the Secretary of the Nominating Committee, MRS. P. CAMPBELL, 2-1 University Hall, 432-4965.

VOLUNTEERS FOR RESEARCH STUDY

A few volunteers, men and women, are needed for a research study to determine the effects of transcendental meditation on oxygen consumption. Subjects should have had one to three months of meditating experience. Interested persons may contact HUBERT DHANARAJ at 429-6621 for further information.

AWARD WINNING PROGRAM TO BE SHOWN IN ALBERTA

"Inside/Out," the Agency for Instructional Television's health education series for eight-to ten-year-olds, which won an Emmy Award in the 1973-74 competition of the National Academy of Television Arts and Sciences, will be shown as part of ACCESS Alberta's "Come Alive" program.

The program will be shown every Tuesday from 9:45 to 10 a.m. on CFRN, channel 3, cable 2, and during the repeat of "Come Alive" on CITV, channel 13, cable 8, between 1 and 2 p.m.

The "Inside/Out" programs are dramatizations that deal with the day-to-day problems and emotions of children from the child's point of view. Some of the programs were produced by the Ontario Educational Communications Authority in Toronto. The Agency for Instructional Television is a Canadian-American organization established to strengthen education through television and other technologies. E.K. HAWKESWORTH, Alberta's Deputy Minister of Education, is a member of the board of directors.

PROFIT BY DESIGN

The Department of Extension is sponsoring a two-day seminar November 15 and 16 which has been devised specifically to provide a practical example of ways in which a concern for design may enhance and increase the profit margins and competitive positions of manufacturing and service industries in Alberta, and to raise the level of visual perception in the province. It is aimed at all firms and business operations whose continued economic prosperity relies on a continuing demand for their product or service.

The seminar will be held in room 2-20 of the Fine Arts Building, and speakers during the two days will be R.A. DAVEY, Chairman of Art and Design, and WALTER JUNGKIND, PETER BARTL, KEN HUGHES, C. WILLIAMS, and NEVILLE GREEN, all of the Department of Art and

Design. Other speakers include ROY LEAR, Director, Professional Services and Service Industries, Industrial Development Branch; the HONOURABLE FREDERICK PEACOCK, Minister of Industry and Commerce; and GEORGE ROLFE, Office of Design, Department of Industry, Trade, and Commerce. As well as talks, films, and slide presentations, there will be practical exercises in design problem solving.

Registrations are being accepted at the Department of Extension, Corbett Hall, 82 Avenue and 112 Street, 432-3116. The fee is \$85 which includes a dinner at the Faculty Club on the Thursday evening.

THIS WEEK AND NEXT

Listings must reach the Editor by 9 a.m. the Friday prior to publication. Written notification is preferred. Compiled by NORMA GUTTERIDGE, 432-4991.

7 NOVEMBER, THURSDAY

French Film Series

7:30 p.m. *Le Boucher* (France, 1970) directed by Claude Chabrol. Room 013, Collège Universitaire Saint-Jean, 8406 91 Street. Admission free.

German Feature Film Program

7:30 p.m. *Die Angst des Tormanns beim Elfmeter*, 100 minutes. Sponsored by the German Club, 17 Arts Building (basement). Admission free.

8 NOVEMBER, FRIDAY

Faculty Club

Downstairs. TGIF—Japanese menu. Tori teriyaki (chicken), nan ban zuke (fish), maze gohan (rice and vegetables), namasu mikan (mandarin orange dessert). \$3. Entertainment by The Sound Investment.

Student Cinema

And 9 and 10 November, Saturday and Sunday. 6 and 8:45 p.m. *Serpico*. (Restricted adult. Warning: extremely coarse language throughout.) Students' Union Theatre. Advance tickets \$1 to Students' Union members only at SUB Information Desk; \$1.50 at the door.

Graduate Students' Association

Get your weekends off to a flying start every Friday afternoon at the Grad House, 11039 Saskatchewan Drive. From 4 to 6 p.m., the Happy Hour features a wide spectrum of refreshments at rock bottom prices as well as Godfrey's legendary chili. For the dedicated grad student the hours from 9 p.m. to 12 midnight provide an opportunity to discuss or forget the week's activities.

Recital

8 p.m. Piano recital by JANET SCOTT, graduate student in the Department of Music.

The program will consist of Sonata, op. 1, Berg; Phantasie, op. 17, Schumann; Sonata, op. 11, Beethoven. Convocation Hall. Admission free.

L'Alliance Française

8 p.m. Conférence de M. GEORGES POISSON, de Paris. "Napoléon et Paris." Projections en couleur. Collège Universitaire Saint-Jean, 8406 91^e rue.

Hockey

8 p.m. And 9 November, Saturday at 2:30 p.m. Golden Bears vs. The University of Calgary. Varsity Arena.

Basketball

And 9 November, Saturday. 8:30 p.m. Golden Bears vs. the College of Great Falls. Main Gymnasium.

9 NOVEMBER, SATURDAY

Fencing

And 10 November, Sunday. 10 a.m. The Wetterberg Open. West Gymnasium.

Faculty Club

Downstairs. Faculty Club's "Trattoria" in lower lounge. Lasagne, pasticciate, crisp green salad, zippa inglese. \$3. *Upstairs*. Regular dinner menu served 6 to 10 p.m. Entertainment by Cameron & Co. (The Club will be closed 11 November, Monday.)

GRADUATE SCHOLARSHIPS AND AWARDS

Notices regarding other awards and scholarships are posted in the Student Awards Office, 219 Central Academic Building. All inquiries should be directed to L. HENDERSON, Administrator of Student Awards, 432-3495.

National Institute on Mental Retardation Awards for Research and Study in Mental Retardation

The Institute offers two types of awards to students entering or pursuing graduate studies at a Canadian university and planning to pursue a career in the field of mental retardation in Canada. Candidates may be selected from any area of study within the field, but special consideration will be given to those whose studies relate to: organization dynamics; comprehensive human service system planning, or current trends in programming—specifically those reflecting the concept of normalization as it relates to changing needs in human services.

TYPE A. BURSARY SUPPORT. *Value:* \$1,500, plus a travel and training award to attend a one-week period of orientation at the National Institute on Mental Retardation, in August 1975. *Term of award:* 1975-76 academic year. *Conditions:* pursuit of graduate studies in Canada. *Closing date:* January 31, 1975. Announcement of awards will be made March 1.

TYPE B. STUDY AND/OR RESEARCH SUPPORT. *Value:* \$2,500 plus a travel and training award. *Term of award:* a three-year period commencing August 1975. *Conditions:* \$500 will be available for the first year (1975-76) with \$1,000 a year for the following two years to offset the costs of dissertation research. Successful candidates will be required to attend basic and advanced orientation in August 1975 and August 1976. Travel and living allowances will be prepaid for these symposia. The objective of this award program is to provide supplementary support to promising and qualified students who are able to secure their own basic bursary, stipend, or other personal support. Applications will be accepted directly from students or may be submitted by faculty on behalf of students. Applications received from students will be submitted to their department for endorsement prior to adjudication. *Closing date:* April 15, 1975. Announcement of awards will be made May 31. Application forms (for types A and B) may be obtained from National Institute on Mental Retardation, Kinsmen NIMR Building, York University Campus, 4700 Keele Street, Downsview (Toronto), Ontario M3J 1P3.

The O'Brien Foundation Fellowship

Value: each successful candidate may receive such sum in the discretion of the committee up to \$15,000 per annum. If a winner is married an additional allowance may be paid when need is shown. *Field of research:* postgraduate studies or research in any sphere of studies such as medicine, hospital administration, law, education, or science, at any recognized university. *Number of awards:* up to five fellowships may be

awarded in 1975-76. *Eligibility:* fellowships will be awarded primarily to residents of New Brunswick who have graduated from a university; however, the committee may make an award to other deserving applicants at its discretion. Awards shall be based on scholastic and/or existing professional standing, character, and integrity, preference being given to those who intend to return to and remain in New Brunswick on completion of their postgraduate studies. *Application forms* may be obtained from The Secretary, the O'Brien Foundation, PO Box 1174, Saint John, New Brunswick. *Closing date:* December 31 in any year.

Mexican Government Scholarships

Value: approximately \$200 per month for living expenses. The award does not include travel expenses or support of dependents. *Field of study:* all at the postgraduate level, except medicine. *Number:* five. *Duration:* one academic year. *Conditions:* candidates must be Canadian citizens who have obtained a first degree from a Canadian university. Candidates must have a good knowledge of Spanish. Candidates may not hold other awards concurrently. *Where tenable:* Mexico. Application forms available from the Student Awards Office, 219 Central Academic Building, 432-3495. *Closing date:* November 11, 1974.

National Research Council of Canada Postdoctorate Fellowships in Science and Engineering

The postdoctorate awards listed below are being offered for 1975-76 under the National Research Council of Canada's program of support to graduate students.

POSTDOCTORATE FELLOWSHIPS. *Value:* \$10,200 for 12 months, plus travel. *Basic requirement:* PhD degree. *Tenable:* in Canadian universities and provincial research councils in Canada, and universities and research institutions abroad.

INDUSTRIAL POSTDOCTORATE FELLOWSHIPS. *Value:* NRC contributes \$10,200 toward the total annual salary agreed to by the employing company, plus travel. *Basic requirement:* PhD degree. *Tenable:* with industrial organizations in Canada.

NORTH ATLANTIC TREATY ORGANIZATION SCIENCE FELLOWSHIPS. These awards are similar in all respects to NRC postdoctorate fellowships. Successful candidates for NRC postdoctorate fellowships may be designated as NATO science fellows if the proposed program of research is to be carried out in a NATO country other than Canada. *Apply to:* Office of Grants and Scholarships, National Research Council of Canada, Ottawa, Ontario K1A 0R6.

National Research Council of Canada Postgraduate Scholarships in Science/Engineering and Science Librarianship/Documentation 1975-76

The awards listed below are being offered for 1975-76 under the National Research Council of Canada's program of support to graduate students.

1976 SCIENCE SCHOLARSHIPS. *Value:* \$7,000 for 12 months, plus travel. *Basic requirement:* the applicant must be a student who, at time of application, is in the final year of an honors course (or equivalent, e.g. engineering) or is in a qualifying year after graduation in a general course. The applicant must have been invited by the university to submit an application. *Tenable:* in any Canadian university other than the one from which the candidate expects to receive his bachelor's degree. **POSTGRADUATE SCHOLARSHIPS.** *Value:* \$5,000 for 12 months, plus travel. *Basic requirement:* The applicant must be eligible for admission in 1975-76 to a graduate school of a Canadian university as a fully qualified candidate to engage in a program of studies and research leading to an advanced degree. *Tenable:* in Canada, but may under very special circumstances be approved for tenure abroad.

POSTGRADUATE SCHOLARSHIPS IN SCIENCE LIBRARIANSHIP AND DOCUMENTATION. *Value:* \$5,000 for 12 months, plus travel. *Basic requirement:* the applicant must have or expect to receive a degree in science or engineering and have been accepted by a recognized School of Library Science and Documentation. *Tenable:* in any university with a recognized School of Library Science and Documentation. *Apply to:* Office of Grants and Scholarships, National Research Council of Canada, Ottawa K1A 0R6.

**Resources for the Future Inc.
Annual Doctoral Dissertation Fellowships
in Natural Resources 1975-76**

The purpose of these fellowships is to assist qualified graduate students in completing doctoral dissertation work and to stimulate their interest in the application of social science disciplines to problems in the field of natural resources. *Value:* basic stipend of \$4,500. A dependency allowance of \$500 is provided for married fellows with children. *Eligibility:* candidates must be nominated by the academic department in which the student is a doctoral candidate. Nominees must have completed all requirements for the doctorate except the dissertation before the start of the 1975-76 academic year. The research proposed must relate to natural resources, their products, or their services, and must involve the social sciences or related fields of study such as economics, business administration, political geography, statistics, public administration, etc. *Duration:* the 1975-76 academic year. *Apply to:* Resources for the Future Inc., Fellowship Program, 1755 Massachusetts Avenue, N.W., Washington, D.C. USA 20036. *Closing date:* February 1, 1975. The awards will be announced March 15.

Imperial Oil Fellowships

In 1946 Imperial Oil Ltd. established for annual competition, Graduate Research Fellowships, now six in number and having a potential value of \$12,000 (\$4,000 per annum for a maximum of three years). No restriction is placed on the amount of similar assistance held concurrently. Successful applicants may attend any approved university. The fellowships are open to any Canadian citizen who is a graduate of any approved university, or a prospective graduate in the year of competition for research leading to a doctor's degree in the fields of pure and applied natural and/or exact sciences (three fellowships), and social sciences and humanities (three fellowships). Nominations are made by the university from which the candidate graduated or expects to graduate. Application forms are available from the Student Awards Office, 219 Central Academic Building, 432-3495. The closing date is February 1 each year.
